A BRAND BY PUROSIS

# FINPURE BRAND OVERVIEW

For over 30 years, FinPure has been a trusted leader in India's water purification industry. As a key manufacturer of high-quality water purifiers and components, we are driven by innovation, quality, and a commitment to the Make in India initiative. Our goal is not only to provide pure water but also to create job opportunities, support economic growth, and enhance well-being across the nation. FinPure is brand of Purosis Internation LLP.

## Our Vision

We believe that access to pure water is a fundamental right, vital for health and well-being. With a focus on designing international-quality water purifiers and components, we ensure the highest standards of purity and reliability to improve the quality of life for our customers.

## Our Promise

At FinPure, we don't just purify water—we purify lives. We are committed to making pure water accessible to homes and businesses across India, fostering a healthier and more self-reliant nation.

## Empowering India

As a proud supporter of the Make in India initiative, we contribute to India's manufacturing sector by creating sustainable jobs and driving innovation. By empowering our workforce and investing in local talent, we help build India's economic and social progress.

## Commitment to Quality

Every FinPure product, from complete water purification systems to individual components, reflects our commitment to excellence. We adhere to international quality standards to deliver reliable, high-performance solutions for diverse environments.

Join us in our mission to make India healthier, stronger, and more self-reliant with clean water for all.

## ADVANCE PROTECTION TO ENSURE SAFETY

To ensure our products reach you in pristine condition, we've implemented a robust packaging solution featuring a dual-box system. The outer box, crafted in durable brown cardboard, provides a sturdy barrier against transportation-related damage. Inside, the vibrant, colorful inner box is meticulously protected from dust and wear, arriving at your doorstep in perfect condition. This thoughtful packaging design guarantees a delightful unboxing experience, ensuring that the product brings a smile to your face. Our commitment to quality extends beyond the product itself, reflecting in every detail of our packaging.

## DOES YOUR CABINET HAS ASSEMBLY STAND ?

### FinPure has!

Say goodbye to the hassle of holding the entire cabinet while assembling the machine! With our innovative stand, you can install all filters, pumps, and accessories in one go. Just load the fully prepped stand into the cabinet and your machine is ready. Need service? Simply unload the stand, perform the maintenance, and reload. Effortless assembly and service, made simple!
